THE GALLANT BOYS IN BLUE RECEIVE A ROYAL WELCOME HOME.

Janesville Soldiers Reach The City After a Weary Trip From The South.

The hearts of the people of Janesville went out today to the soldiers of Co. A who returned from their southern camp at 2 o'clock. There was a great outpouring of citizens. Fathers, mother, wives, brothers and sisters of the bronzed young men thronged the depot platform, and as the train drew up a hearty cheer went up. The soldiers' faces were not as familiar as when they left a few months ago, for many had allowed their beards to grow, while the southern sun had tanned the white skins of all to a nut brown color. But there was no hesitation in the identification, for love can see through a mask of sunburn, and a beard does not, after all, cut so much of a figure when one is looking for a friend in a crowd and is expecting an altered appearance.

At the Depot Early.

The crowd began to gather early. The fire bells and the mocking bird whistle had announced the departure of the train from Milwaukee and all had ample opportunity to reach the depot ahead of time. There was a hope in many breasts that the train would come over the rails faster than its wont—an unreasoning hope, it is true, but nevertheless natural. Men strode impatiently up and down, and at every turn consulted their watches, wondering why time seemed to pass so slowly. Women talked gravely together about the coming

soldiers, and girls and boys chatted and laughed together. At each whistle of a switch engine to the eastward necks were craned and eyes strained in the direction of Milwaukee, and when no soldier-bearing train came in sight there was

visible disappointment on many faces.

The Train Arrives.

As the appointed hour approached the crowd grew denser and expectation sat upon every face. There was a hurrying hither and thither of the depot hands. There was a hush as the train came in sight, and a straining of thousands of eyes as it dashed up to the depot. Then a cheer broke forth—a cheer of welcome from manly throats—while hats were swung in air and the ladies waved their handkerchiefs. There was a rush for the car doors, and for a time it seemed as if the soldiers would be blockaded ere they were able to set foot upon the platform.

With eager eyes the young soldiers glanced hither and thither in quest of familiar faces. They had not long to wait, for with exclamations of recognition and delight one after another found himself clasped in the loving arms of a mother or sister or was grasped warmly by the hand by some male relative or friend. Many of the greetings were affecting in the extreme, and tears, smiles and laughter alike testified to the joy of meeting between those long parted. There was scarcely a man in the company who was not welcomed by some relative, while those who were strangers in the city were made to feel that they had come among friends.

THE WELCOME HOME.

Early this morning—long before the fire bells had sounded their three times twelve, eager inquirers had begun to gather at the depot. There were contradictory reports as to how the train was coming, and both ticket offices were besieged.

The fire bells gave the signal for an outpouring that lined both platform and put a "gallery" of liberal proportions on the top of convenient box cars. All through the morning the crowd stayed. It grew denser instead of thinner as 12 o'clock came. They had waited all forenoon—they would not miss the arrival of the train for any ordinary consideration like dinner.

Successive reports gave the hour of arrival at 12 o'clock, 12:30, 1:00, 1:30 and 1:45.

How the Time Passed.

There were diversions from moment to moment. The Imperial and the Y. M. C. A. band alternated in stirring melodies. The Grand Army marched through the crowds, each man bearing a basket of sandwiches and fruit. The fire police and members of the old Janesville Guards lined up with the bands for escort duty. C. W. Schwartz got his drays alongside the platform and offered them free of charge for transporting the company baggage. F. M. Marzluft & Co. force marched down the tracks each bearing a flag and keeping step to the beat of a bass drum. Members of the citizens' committee and Marshal O. F. Nowlan were everywhere—assigning carriages for soldiers too weak to march, posting the escort and completing arrangements for the reception. Assemblyman W. G. Wheeler, who went into Milwaukee yesterday to meet the company and find out what action would be advisable, had telegraphed just before the train started from the Cream City, giving full details. His dispatches had guided the committee and formed a basis for work.

Sadness Amid Joy

There were suggestions of grief amid the thrill of joyous expectation. Relatives of Private Harry Gifford stood at the end of the St. Paul platform with tears in their eyes, realizing that their boy would not be among those to step from the train.

It was 2:15 before the heavily laden train rolled in and cheers from 5,000 throats greeted it. The crowd filled both platforms so that it was almost impossible to force a passage, and overflowed to the roofs of every box car that stood in a commanding position. As quickly as possible the members of Company A filed from the train and lined up with Captain Hanson at the head. Thin, sun-burned, ragged and bearded they did not look to be the same boys that went from here four months ago.

Attempts to preserve company formation were useless. The thin blue

line broke at the rush of eager friends who had waited so patiently. It was not for military discipline to stand between mother and son, when death had been risked and hardships endured. On every hand were joyful meetings. Many of the soldiers hurried off home, gun in hand and knapsack on back without reporting at the Armory.

March to the Armory.

As soon as possible the boys were lined up and the march to the Armory was begun.

Down South Academy to Milwaukee street the procession moved. The fire police led the line of march, followed by the Imperial band. Next in line came the members of the Grand Army, followed by the Y. M. C. A. band.

In the rear of the band marched the boy in blue, and as they came in sight the crowd went wild, throwing hats in the air and cheering at the top of their voices. When the Armory was reached, the procession broke ranks and made way for the Light Infantry members, who marched up the stairs in double file.

At the Armory they were ordered into line by Captain Hanson and then they broke ranks and received anxiously awaiting friends and relatives. The scenes that followed brought tears to the eyes of many.

Speeches at the Armory.

In brief speeches the sentiment of the city towards the soldiers was shown. Alderman S. O. Burnham was the first speaker, and after a few remarks he proposed three cheers which were given with a will. Captain E. G. Barlow welcomed the boys eloquently in behalf of the Grand Army and Dr. J. B. Whiting told the boys of the plans that had been made for their comfort, baths being provided at the Y. M. C. A. and dinner at the Hotel Myers. O. F. Nowlan announced that the formal reception and banquet would be held next week. The company then broke into squads and the greetings of friends again showered upon them.

City Gay in Bunting.

The city was in gala attire for the home-coming. Flags floated from every staff, and the national colors were festooned upon the fronts of business blocks and in the windows of stores and offices all through the city. Men and women thronged the streets with miniature flags and shields pinned upon their breasts, and everything betokened a general rejoicing. There was eager expectancy pictured upon the faces of those having friends and relatives in the company; there was everywhere a feeling of rejoicing that the boys had returned with ranks almost unbroken, though some might be temporarily shattered in health.

The Trip From the South.

The trip from Jacksonville was not unattended by hardship. It is a tedious journey for men in health; it was doubly so to those sick and con-

valescent. The cars furnished were none too comfortable, for the southern roads are not as abundantly supplied with first class rolling stock as are those of the north.

Up to 3 o'clock last Tuesday not a penny had been given Dr. McDill for the care of the sick while en route. He telegraphed to the war department and just before train time he received the money. Food was hurriedly purchased and after some medical supplies had been secured the sick train was made up. Instead of finding Pullman sleepers for the sick, the Plant system, which has so wretchedly handled the transportation of the regiment, tried to make up the sick train of old and filthy tourist sleepers. This is where Major McDill began his good work. He looked up the train master and asked for Pullman sleepers for the sick. "We have none," came the reply. "We can only furnish them for the officers."

"The officers are well men," he said. "The sick need Pullman cars and are going to get them. Not a patient is going until I get standard sleeping cars to place them in. And if the sick don't go, I defy the regiment to be moved."

Better Than Expected.

General Charles R. Boardman, who joined the regiment at Louisville yesterday morning, was highly pleased with the manner in which the sick were treated. Shortly after he joined the hospital train he said: "I have found the sick in much better condition than I expected to find them, and after a careful examination of the entire hospital train I am satisfied everything has been one for the care of the men on their journey home that could be under the circumstances. The railroad equipment promised by the railroad companies, however, has not been furnished nor was the medical supplies and food which I was led to believe would be given the hospital train at Jacksonville supplied, but owing to the careful management of Surgeon McDill and his assistant, Lieutenant Lee, this has been largely overcome. The generosity of the citizens of Milwaukee in sending money to Dr. McDill has enabled him to supply the necessities the government did not furnish, even though he has had seventy more men to care for than he expected to have. The services of those three women nurses whom he secured at Jacksonville seem to have been indispensable and under the treatment of the doctors and the careful attention of the nurses men dangerously sick at the start are now recovering. I find the sick uniformly glad to know they are going home and in general in much better spirits than might be expected. In brief, I am free to say the general condition of the sick is 50 per cent. better than I expected it would be. This I attribute to the watchfulness of the surgeons in providing every safeguard and care in their power and

to the effect on the men of knowing that they are at last on their way home. So far as the railroad companies are concerned, the failure to supply the cars called for seems to rest with the initial line, for I found at Louisville the officials of the Louisville and Nashville, and the Pennsylvania system ready to do anything in their power to aid in the comfort of the troops and prompt in all their work."

The Remaining Sick

For the benefit of relatives of those who remain behind at Jacksonville and are under treatment at the division hospital, the investigation which Dr. Gerlock, of Racine, made, is interesting. Dr. F. R. Gerlock has had considerable experience in hospital work and on his arrival at Jacksonville made a thorough investigation of the hospital. He says: "The hospital is the most complete military hospital I have ever seen. The tents are light and airy and as comfortable as they can be made. The floors are raised from the ground to make them healthy and to guard against dampness. The physicians are all hard workers and competent. The women nurses do excellent work. The medical department is now well supplied and is complete in all its details. The hospital as a whole far exceeds any field hospital I have ever seen and the men there get the best treatment. We had hospitals in the Civil war but nothing that compared with the division hospital, both for comfort and efficiency. Relatives need not worry that the boys there are not getting anything but the best care."

Dr. Whiting Is Popular

The First regiment boys were enthusiastic in their praise of Janesville's representative on the hospital corps—Lieut. J. B. Whiting. "He was the best man in the hospital," said Darlington and Monroe boys enthusiastically, in spite of the fact that they had men of their own in the corps.

The Sick List

Alfred Pear, Frank McQuade and Frank Meason were among the sick ones brought home, and their condition, although not of a serious nature, is such as to keep them confined for some time. Sisson, Haller and Gumbert were also ill as the result of fever.

Private Osgood Dead.

Clark F. Osgood, of the Beloit company, died in the hospital at Jacksonville last night. His remains will be brought home for interment, arriving on Monday or Tuesday. The Beloit company will have charge of the funeral ceremonies, and will be assisted by the veterans of the Grand Army.

Lunch Was Served

The Ladies of the Soldiers' Aid society furnished coffee and sandwiches to the Monroe and Darlington companies at the depot. The lunch

was very acceptable to the boys who were weary and hungry though far from famishing.

Milwaukee Welcomes Them

"Milwaukee was full of soldiers yesterday," said a Janesville man who went in to see the First regiment arrive. "The boys of the Second regiment were the worst looking lot. They seemed to have suffered a great deal in the Porto Rico campaign. The First regiment boys looked very respectable by comparison. All yesterday afternoon the sidewalks swarmed with soldiers, and nearly every soldier had one or two girls with him. Oh, they were being welcomed home with great ardor."

Home Coming Cured Them

"We started from Jacksonville," said Captain Hanson, "with quite a number seriously ill. They began to mend, however, from the moment they were really sure they were coming home. By the time we struck Illinois the sick men were dancing around all over the train."

Life Agrees With Him

Fred Church, a son of Orville Church of this city, has not wearied of the life of a soldier. He has enlisted in the regular army for a full term and will wear the blue for five years to come. When he left this city he weighed but 160 pounds. His weight has increased and he now tips the beam at 180 pounds. He is in the best of health and spirits.

The Sick At Milwaukee.

Milwaukee, Wis., Sept. 10.—[Special]—At about six o'clock this morning the sick soldiers from the First Wisconsin regiment hospital train were transferred to the city hospitals in ambulances and carriages. They were about eighty of them in all, and they ranged all the way from those who were slightly weak from approaching fever, to those who are recuperating their strength after a long siege of it. A few of them were seriously ill. Later in the morning, between eight and nine o'clock, some of those who became weaker were taken in stretchers to the emergency hospital.

C. J. Morris, of Beloit, who had suffered from typhoid, underwent a relapse this morning and became dangerously ill. His mother was sent for and arrived from Bordentown to spend the last sad moments with her brave son. He was at the emergency hospital receiving all the medical aid and nursing that kind hands could give him, but it is not thought that he can live long.

The list of soldiers registered at the Emergency hospital this morning is as follows: Cecil Coombs, Beloit, C. J. Morris, Beloit, Albert Lacey, Galesburg, George L. Armstrong, Beloit, Corp. A. J. Baum, Milwaukee. Taken home later, Tom Derry, Milwaukee, Julius Saschowski, Milwaukee, Lawrence Hughes, Milwaukee.

KILLED BY ASSASSIN

Empress Elizabeth of Austria Foully Murdered.

WAS THE MOST BEAUTIFUL WOMAN IN EUROPE.

London, Sept. 10.—[Special]—It is reported that the Empress of Austria was stabbed to death by an unknown Italian while at supper in a hotel at Geneva, last evening. The report cannot be confirmed, the Swiss government having stopped all telegrams.

Queen Elizabeth of Austria has long been noted as one of the most beautiful women in Europe. She was married to the Emperor Francis Joseph in 1854. She was the daughter of Duke Maximilian Joseph. Her only son, Prince Rudolph, committed suicide because of a love affair June 28, 1889.

London, Sept. 10.—[Special]—A dispatch from Geneva officially confirms the assassination of the Empress of Austria. She was stabbed to the heart by an Italian anarchist while walking from the hotel to the pier, where she intended to take the boat for Montreux. The assassin was arrested.

BAYARD RESTS WELL

He Passed An Easy Night, But There Are Small Hopes Of His Recovery.

Dedham, Mass., Sept. 10.—[Special]—Mr. Bayard's physician reports this morning that his patient passed a comfortable night. He is still very weak, and the chances for his recovery are very small.

LOOKS BRIGHT FOR REPUBLICANS

POLITICAL SITUATION IN WISCONSIN REVIEWED

Democrats Are All At Sea as To the Methods of Conducting the Campaign—The Populistic Vote Liable To Drift Away—All Factions in Republican Party Work Together.

The Milwaukee correspondent of the Chicago Inter-Ocean has been taking a bird's-eye view of the political situation in Wisconsin, and the result of his observations is embodied in the following dispatch:

The democrats have been making frantic efforts during the last week to rally their forces for the campaign, but thus far Chairman Peck of the State Central Committee and his lieutenants have been working without success. The action of the state convention in endorsing the Chicago platform and then in deliberately kicking out of the party the men who furnished the strongest support to that platform has completely demoralized the party.

The gold democrats say that they cannot support the ticket because of the platform approving silver, and the silver democrats claim that they are in a like predicament because the Wisconsin democracy showed plainly in its action in regard to the populists that its approval of populistic doctrines was merely a ruse to catch votes. They claim that it was not sincere, that the recent convention was ruled by men who were not in sympathy with the Chicago platform, and that they will not have anything to do with the party. How, in the face of these declarations, the democrats are going to be able to organize for a campaign is a mystery which Chairman Peck will have to solve.

A Peculiar Situation.

The situation in the democratic party in the state is a peculiar one, and is such as every state in the north will be compelled to pass through. There is no doubt that the democrats of Wisconsin are almost to a man opposed to the populistic vagaries of the Chicago platform. There is a desire on the part of most of them to get back as quickly as possible to the principles of the old democratic party. At the same time they wish to preserve the semblance of "regularity." To have refused at the recent convention to make any mention of the Chicago platform would have been too much of a dose to choke down the throats of the rank and file of the party at one time, so the leaders contented themselves with a mild approval and with knocking fusion on the head. Like all straddles and half way measures, this one does not give satisfaction. Had the party, after adopting the platform, fused with the populists there would only have been a few disgruntled leaders. As it is now, the populists are dissatisfied and the gold democrats say that they cannot support any party which declares for a dishonest dollar.

Republicans Are Making Progress.

While the democrats are in a quandary as to the best manner to get their forces into line, the republicans are making hay. The campaign has not as yet been formally opened, but Chairman J. B. Treat, of the state central committee, is actively at work lining up his forces in every county in the state. Mr. Treat, although new to the business, has by the work which he has done thus far won the entire confidence of the republican candidates and managers. He shows himself to be methodical and a thorough leader in organization. He is organizing every county for the fight, and is making a determined effort to arouse republicans in every assembly district, so that there shall be a great local interest in the campaign. The quiet and persistent work which Governor Scofield has done to secure the sick and provide comforts for all the Wisconsin soldiers at Jacksonville and on their way to their homes has made him the central figure in the part which Wisconsin has played in the war, and has shown more clearly than any other act of his that he is the right man in the right place. His work in behalf of the soldiers has merited the commendation of all parties. The democratic and republican press alike have sounded his praises, and although he has worked from purely humanitarian motives there is no doubt he will reap his reward when the ballots are cast in November.

During the week reports have been received at the headquarters of the state central committee to the effect that the La Follette republicans all over the state are working for the

BLACK CLOTH AUTUMN COSTUME FROM HARPER'S BAZAR

A new gown of light-weight cloth in black, now so stylish for autumn wear, is rendered very striking by the addition of a fanciful cut velvet vest in copper color, over which falls front and back a fine pleating of shaded taffeta silk in lighter tones.

The close-fitting coat-shaped bodies, which promises to be one of the distinguishing features of the season, rounds down from the shoulder to under the arm like a bolero, which is also edged with the finely pleated frill. The coat opens at the neck on a square plastron and a great cravat bow of copper-tinted mull, and is fastened between the ruffles of the bolero front with gold rimmed opal buttons. The coat is cut to form tiny epaulettes over the sleeves, and the divisions of the open back below the waist are caught together by the same linked buttons, while the narrow pointed girdle is attached in front with similar jeweled buttons. A shaped collar finishes the neck, since a coat or waist without a very high collar is the exception. The

close-fitting sleeves, opening at the wrist in bell shape, are trimmed with a fan frill of taffeta and little buttons. The skirt cut in the fashionable three-tier mode, is attached to a foundation skirt of silk—a new model—the pattern of which is furnished in connection with that of the skirt. The skirt has deep pleats at the back, and its width at the foot is three and three quarter yards. The only trimming employed is a double machine stitching on the edges. The proper cut of this gown can only be obtained from the cut patterns published by Harper's Bazar, where the design of the gown appears.

The hat, which turns broadly back on the left side, and is faced with shirred black satin, is ornamented with a great rosette of copper-colored velvet fastened by a jeweled pin and the crown is encircled by heavy black plumes. Quantity of material for costume—8 yards of cloth 52 inches wide, 1 yard of velvet, 2½ yards of silk.

state ticket, and that all the soreness which was displayed at the time of the state convention has disappeared. They are seeking and securing in many places nominations for the assembly, the state senate, and county offices. This is a sure indication that they will support with all their strength the entire ticket.

HAVERLY MONDAY EVENING

Promise of the Greatest Minstrel Show Ever Seen in Janesville.

In no place on earth is Ool. Jack Haverly so well known as in Chicago. That city was the scene of his greatest minstrel triumphs, and there the people have learned that a company

Haverly

bearing his name is of necessity first class in every particular. Citizens of Janesville also know the fact that there is nothing but first class fun to be had at any of his shows.

The company that visits Janesville on Monday evening is one of the best that ever traveled with Haverly. A writer, speaking of his opening performance at Chicago a few weeks ago, says:

Saturday night McVicker's Theater was crowded to the doors by an enthusiastic, perspiring mob, that came to cheer J. H. Haverly and his band of "black-face mirth-provokers."

If minstrelsy be dead, it did not so seem Saturday. The old-style performance went as if it were born yesterday. Possibly the audience was predisposed to endorse any old thing Haverly might put forth; at any rate there was not a feature that was received in silence.

The traditional circle at the opening represented the deck of Admiral Dewey's flagship, the Olympia. There we

were treated to Billy Rice, the same old Billy who used to entertain the returned warriors 'long in the sixties; Frank Cushman bobbed up serenely with the same old cheerfulness and many of the same old gags. Indeed, the most pleasant part of the performance was the reduplication of the good old minstrel gag.

The Nichols Sisters, despite the presence of a ten-thousand-dollar challenge, contrived to satisfy the spectator that there is no demand to doubt just because a challenge is issued; their imitation of the real-thing plantation coon was frantically applauded.

The cotton field frolic was a return to the genuine old fashioned minstrelsy; the return was not worth while. Some unusual mokes supplied diverting fooling, and the bill closed with "an aboriginal operetta."

SERVICES IN THE LOCAL CHURCHES

ALL WILL BE APPROPRIATE
AND ENTERTAINING

Return Of the Soldiers From the South Will Call For Comment—Themes Of Interest to Every Citizen Will Be Discussed By the Local Clergy.

There is great thankfulness in Janesville today over the return of the brave boys who, a few months ago, left the city to do battle for their country. They were not permitted to enter the battle field, but they have nevertheless endured many hardships, and have been compelled to fight a more deadly foe than the Spaniards—disease. To render to Providence praise for the safe return of so many of them, ennobled, though they are by the fever, is the duty of every citizen. In the pulpits tomorrow appropriate reference will be made to this event in the city's history.

The following are the announcements of services:

First M. E. Church—J. B. Smith, pastor. Morning worship at 10:30 a. m. Preaching by the pastor. Sermon theme, "The War's Afterings." Sermon theme, "Apparent Defeat, Real Victory." Salt Rheum Has Disappeared

How It Was Cured.

"Salt rheum appeared on one of my wrists, extending nearly to the elbow. It troubled me for a year. Then it disappeared from this arm and came out on my other wrist and arm, also on my face and head and different parts of my body. The itching was beyond description. No medicine that I tried would do me any good. One day I got a bottle of Hood's Sarsaparilla and began taking it. I found it helped me. I procured another and when I had taken it the itching was relieved, and the third bottle cured the eczema on my face and head. Hood's Sarsaparilla keeps my system toned up and gives me a good appetite." C. E. HAINES, Atkin, Minnesota.

ENCAMPMENT HAS CLOSED.

G. A. R. Finishes Its Business and Adjourns.

DEMONSTRATION AT AN END.

Friends of Col. Sexton Celebrate His Victory—Other Officers of the Organization Chosen at the Conference Yesterday—Some Ill Feeling.

Cincinnati, Sept. 10.—Friday was the busiest day of the thirty-second annual encampment of the G. A. R. The demonstrations closed with the river front, parks and camps ablaze with fireworks Thursday, and the encampment with the two auxiliaries of the ladies devoted their time to business. Friday is usually "get away" day for those who are not delegates, but the greater portion of the visiting veterans and their families are still here. At Camp Sherman there was the usual sunrise salute of twenty-one guns. Later the visitors indulged in excursions to Coney Island and to trips to Port Thomas, the zoological gardens and the summer resorts.

The friends of Col. James A. Sexton of Chicago were still celebrating his election as commander in chief, and the Quakers were by no means quiet over the location of the next encampment at Philadelphia. The "hustlers" from Denver, with characteristic pluck, insisted that they would get there for 1900, but the followers of the defeated candidates for commander in chief are not left in such a favorable position.

If the encampment should go to Denver in 1900 the east would likely get the commander in chief, and that would shut out Anderson of Topeka. New York has had Shaw, Shotts and Sickles in the fight here this week in the effort of the empire state to beat Sexton and the Quakers, and the dethronement of that state was demoralized more than defeated in the contest that ended in some bitterness last night. There was no unusual feeling between the departments of New York and Pennsylvania. Those two states never voted on the same side of any ballot.

The Ohio delegation was about equally divided, and that portion of it that favored I. F. Mack of Sandusky for commander in chief was unfortunate enough to vote for Shaw of New York for commander in chief, so that the Ohio candidate was not left in good position for the future.

The encampment opened with a small attendance and proceeded to finish the election of officers. The following were elected by acclamation:

Senior Vice Commander in Chief—W. C. Johnson of Cincinnati.

Junior Vice Commander in Chief—David Ross of Delaware.

Surgeon General—Dr. Pierce of Nebraska.

Chaplain in Chief—Colonel Lucas of Indianapolis.

A delegation from the National Association of Army Nurses presented letters of greeting. The report of committees were read and adopted.

By a unanimous rising vote the Grand Army of the Republic in its national council adopted ringing resolutions inforcing and approving President McKinley and Secretary of War Alger in their conduct and management of the war with Spain. Two resolutions were adopted. One refers to the president and commends his course during the agitation preceding the declaration of war against Spain and his management of affairs after hostilities began. The other resolution relates to Gen. Alger, and gives him unstinted praise for his performance on the onerous duties imposed on him by the war.

Chicago Woman Is Chosen.

Cincinnati, Ohio, Sept. 10.—The ladies of the G. A. R. elected national officers Friday and Illinois won the presidency, thus capturing the three most important offices in the G. A. R., W. R. C. and Ladies of the G. A. R. The officers were elected as follows: National president, Mrs. Agnes Winslow of Chicago; senior vice president, Mrs. Harriet Caboon, Pennsylvania; junior vice president, Mrs. Pauline Willis, California; treasurer, Mrs. Etta Tobey, Indiana.

Waller Lowers Fifty-Mile Record.

Baltimore, Sept. 10.—Frank Waller of Boston defeated Frank Starbuck of Philadelphia in a fifty-mile paced race at the National Coliseum here Friday. Waller also broke the world's record for fifty miles behind pace, making the distance in 1:48:18.4-5.

Czar's Notes Please France.

The Illinois Nearly Ready.

Norfolk, Va., Sept. 10.—Everything is practically in readiness for the launching of the battleship Illinois at the Newport News ship yard. The event is scheduled for Oct. 4. The boilers and engines of the Illinois are in place, smoke funnels in position and the fighting turret ready to be hoisted on board. It is expected that 10,000 people will witness the launch, and the big hotels at Old Point are already preparing to accommodate the crowds.

Growing Pension Evil.

Washington, Sept. 10.—An appendix to the annual report of the commission of pensions has been made public. It contains statistics in regard to the work of the office. Reports from the various divisions of the bureau are also incorporated. It is stated that the pawing or pledging of pension certificates is a growing evil, and some stringent measures should be adopted to reach the offense and, if possible, to effectually stop it.

USE GOOD COFFEE!

Buy the Right Brand and the Coffee Pot won't Fail You. The greatest trouble with those who have a sensitive coffee palate is the indifference with which they buy the berry. All sorts of things are called coffee. Almost anything brewed and ground can be made to resemble coffee, but to get the bracing strength, the peculiar aroma and the rich, pungent flavor of fine Java properly blended depends almost entirely upon how it comes from the store. Ordinarily one selects a certain favorite mixture of this and that variety from the open bins that are exposed to the dust-laden atmosphere of the store and no wonder coffee is "ropy" as it is called.

Put up in the right way in a package sealed at the mill. Here it is thoroughly cleaned and roasted by a new process that retains all the aroma and strength and is immediately put into air-tight tins and when you open the can at home, the coffee is absolutely clean and pure, in all its strength and aroma. It is quite different from what you have heretofore been accustomed to. You get real coffee, and you can buy it in two pound packages, in the berry. Ask for T & T Coffee next time you buy and note the difference. It will please you.

THIS DAY IN HISTORY.

1684—Sir Humphrey Gilbert was drowned on the Azores with all his crew; born 1580.

1787—John Jordan Crittenden, famous for his peace measures, was born in Woodford County, Ky.; died 1868.

1797—Mrs. Godwin (Mary Wollstonecraft), famous innovator in social matters, died; born 1759.

1813—Ferry's victory on Lake Erie. The battle of Lake Erie was the most important naval battle ever fought by American ships. Perry counterbalanced the British odds in guns by running in close. He forced the enemy to fight that day. His own flagship was disabled, but after defeating the enemy he returned to her battered and gory decks and there wrote the famous dispatch, "We have met the enemy, and they are ours."

1845—Judge Joseph Story, eminent American jurist and justice of the United States supreme court, died at Cambridge, Mass.; born 1779.

1896—Luigi Palmieri, noted Italian meteorologist, died at Rome; born 1807. James Law is, noted American comedian, died at West Hampton, N. Y.

1897—Miners' riot at Lattimer, near Hazleton, Pa.; over 60 workmen shot down by a sheriff's posse.

VETERANS DENY SLANDERS

The veterans of the civil war do not take stock in the stories set afloat by the sensational press of today and they know from bitter experience whereof they speak. A dispatch from Cincinnati says: Intensely bitter is the feeling among the veterans here over the malicious attacks on Secretary of War Alger and the government. In strong language the old soldiers denounce the authors of these slanders. They condemn the "yellow" newspapers that are conspiring to discredit the army and the administration. That the Grand Army of the Republic in national encampment assembled will take action on the subject in the form of resolutions sustaining the government and condemning its assailants is highly probable.

Commander-in-Chief General John S. Gobin said:

"I believe this whole malicious attack on the War Department has been worked up almost entirely by the yellow press of the country. Their sensational, so called 'exposures' of the alleged starvation and ill treatment of troops have been based on false reports set afloat by their own agents or by the political enemies of Secretary Alger and President McKinley."

"In my opinion the criticism has been directed higher than at Secretary Alger. The intention has been to strike the president of the United States. The course taken by The Inter Ocean has been eminently correct, and I congratulate that paper upon its patriotic and fair and moderate spirit."

"The feeling among the old soldiers, I find, is very high on this subject, and I think it probable that resolutions will be formulated by a committee which will express to the country where the veterans stand in this light. There is nothing the old soldiers like as much as fair play, and there is nothing they detest more than the hands that heap abuse upon a comrade when it is undeserved."

"VETERAN'S" GROUND WELL TAKEN.

In a communication to The Milwaukee Sentinel "A Veteran" makes an excellent point when he speaks of the statement frequently made that "the war is over, and peace declared." With reference to this statement he says:

In fact, we have merely a suspension of hostilities under a protocol providing for peace negotiations. Should the peace commissioners be unable to agree on the terms of a treaty, hostilities may be resumed on short notice by either party.

Second, the assumption is made and loudly contended for that these soldiers enlisted only for war service, and many hold that they cannot be held for garrison duty. Is there anything in their enlistment papers sustaining this idea? Is there anything in the practice of our war department or any other war department which sustains it? At the close of the last war were not many regiments that had served four years and were serving under a reenlistment for three years or during the war, held for months after the war was over, the Fourth Wisconsin, for instance, remaining in the service until the spring of 1867?

Third, the assumption that these soldiers and their interested friends know better what the

government needs and wants than the president or the war department. Why should we charge the government with a desire to keep these men in service for no good purpose, but merely to spite the men and at a great cost to the government? Yet this is precisely the position taken.

After speaking of the splendid appearance made by Wisconsin troops, "Veteran" concludes his article as follows:

The record of this state in this as in the last war is a matter of most intense pride and gratification to every one of our citizens, and we cannot surely afford at this time to encourage any clamor that will reflect upon the patriotism or soldierly qualities of our beloved state or any of her splendid organizations.

There is much truth in "Veteran's" statements. The government needs troops, and Wisconsin should furnish her share of them. Thousands of men and officers are willing to serve their country, and a sentiment should not choke patriotism. As "Veteran" says, if the peace commission cannot agree, in the meantime, garrisons must be maintained.

The Mayor of Montgomery, Alabama, deserves the thanks of all friends of the Wisconsin soldiers.

Major McDill, the regimental surgeon, while the soldiers were enroute, telegraphed the mayor of Montgomery to furnish him twenty gallons of sweet milk. The mayor could not secure it from farmers so he ordered all the milk to be confiscated from milkmen and when the hospital train arrived heretofore the milk was on hand.

The democrats do not dare advocate their chief principle—free silver—because they know the people will repudiate it. Hence, they are keeping that principle in the shade, and making a campaign on flimsy side issues. Rock county republicans, however, realize that this is the issue—a vote for a democrat is a vote for free silver—and will not be misled.

The democratic press of Rock county charges that a "ring" exists in the republican party. Democracy is hard up for arguments this fall, and must have an exalted idea of the intelligence of Rock county's voters if it expects such clap-trap to be believed. The new caucus law has done away with "rings," even if such a thing existed.

The St. Louis Globe-Democrat has his to say: "The Boston Globe (dem.) asks how many men would respond if President McKinley should call now for 100,000 volunteers. The answer is at least 100,000. Never yet have the American people been scared from their patriotic duty by copperhead rot."

The First Regiment has done all that the government has required of it, and the men have fulfilled their duties faithfully and well. The regiment has an honorable record and the men who desire to enlist again, will, it is hoped, be given the opportunity.

General Miles is not eating as much fire these days as he was awhile ago. General Miles, apparently, has yet to learn the lesson of the parrot, who ruefully admitted that he had "talked too much."

Many members of the Fourth regiment, now at Camp Douglas, discontinue the efforts of their friends to have the regiment mustered out and are signing petitions asking that they be sent to the front.

General Snodgrass had only 13,000 men in his fighting line, yet he captured 27,000 prisoners. What a shockingly incompetent proceeding!

At last report there were 116 cases of typhoid fever at Reading, Pa. Can't this be charged up to the war department in some way?

Henry O. Payne has authorized the statement that he is not a candidate for United States senator.

Don't "kick." If you haven't any thing else to do "remember the Maine."

MADE IT A COSTLY DANCE

James Fanning Had to Pay \$58.01 For Indulging in Franks

It cost James Fanning, of Johnstown, just \$58.01 to attend a dance in that village on the night of August 20. Fanning was arrested on complaint of Fred Dahmert, who alleged that the defendant struck him with the lid of a stove.

At the trial yesterday afternoon the testimony was very conflicting and only one beside the complaining witness saw the missile thrown that injured the complainant.

Judge Patten, after listening to the arguments of counsel, found the defendant guilty and assessed him \$15 and costs, or a total of \$58.01, or in default thirty days in jail. Fanning gave notice through his attorney that he should appeal the case today and gave bonds for his appearance.

J. J. Cunningham appeared for the defendant and M. P. Richardson for the state.

EIGHT WERE WRECKED

Only One Vessel Of a Fleet Of Nine Withstood the Storm Of a Week Ago.

Brunswick, N. J., Sept. 18.—[Special.]—The schooner Sherman has arrived here from Baltimore, thirty days out. The schooner is the only one of nine vessels that escaped destruction during the terrific storm of a week ago. The captain says he saw the wrecks of the eight others. It was believed the Sherman was also lost.

LOSE HOGS BY CHOLERA

Many Farmers Round About Are Suffering Severe Loss.

Rock county farmers are becoming alarmed over the prevalence of hog cholera that is carrying off their porkers at an astonishing rate just at a time of year when they are of a money value. John Hurd, of Fulton, has lost nearly his entire herd—some 300 head old and young. Richard Houle has also lost about fifty head, and other farmers in Fulton have been sufferers from the disease. No remedy has yet been found that will entirely stay the disease when it once breaks out.

MINNESOTA TROOPS GO HOME

A Trainload Passes Through the City This Morning.

At 8:30 o'clock this morning a special train bearing troops from the state of Minnesota, arrived in Janesville from the south. They were on their way home, and were being conveyed to St. Paul over the Chicago & Northwestern railroad. The special consisted of Pullman sleepers and a dining car, which the boys were making good use of. The soldiers were a sick looking lot, and were all pleased at the thought of soon reaching home.

How Clothiers Keep Up Trade

Until last January Fischel Bros. & Wise, dry goods merchants, of Denver, Col., did not advertise. They decided to spend \$250 a month, but their bills were a little less than that. So far, the percentage of increase over the business for the first six months of 1897 has been: January, 112 per cent.; February, 144 per cent.; March, 103 per cent.; April, 109 per cent.; May, 100 per cent.; June, 110 per cent. Last month the firm did the largest business in its history—2 per cent. larger than during March and June of 1897 combined. The increase in business for the six months of this year over the first six months of 1897 was 128 per cent., and over the first six months of 1896, 148 per cent.

INSURGENTS MENACING

Gomez Demands Admission to City of Havana

AT THE HEAD OF SOLDIERS AND RECONCENTRADOS

Havana, Sept. 10—Special—Ten thousand insurgents under Gens. Rodriguez and Diaz surround Havana, and will attempt to enter the city during the stay of the American commissioners. With them are many reconcentrados, suffering from hunger. Officials fear serious trouble will result if the attempt is made to enter the city. The greatest suffering is said to exist in all the villages of the province. Gomez, with several thousand men and eight hundred starving families, is marching toward Havana with all possible speed, and may arrive next week. The general will be allowed to enter the city without his men.

Shafter in Washington.

Washington, Sept. 10—Special—Gen. Shafter arrived here last night but remained in seclusion.

Shafter went to the war department this morning to pay his respects. He went to the adjutant general's office and had a long conference with Corbin. Miles had a brief talk with Shafter. Later Shafter called on the president, where he was joined by Commissary General Egan.

Big Prize Money.

Newport News, Va., Sept. 10—Special—It is said that the crew of the gunboat Eagle will get more prize money than that of any other warship engaged in the war between Spain and the United States. It is estimated that no member of the Eagle's crew will receive less than \$3,000.

The Government Attacked.

Madrid, Sept. 10—Special—Senor Canalejas made a violent attack upon the government in the cortes yesterday. He accused the minister of marine of responsibility for the disaster to Cervera's squadron, and demanded an explanation of the course he pursued. The minister replied that circumstances were too serious to admit of the government making a detailed statement at present.

Will Be Investigated.

Jacksonville, Fla., Sept. 10—Special—Gen. Lee has decided to investigate the case of Private Chas. Stark, of the Fourth Illinois, who, it is said, was taken into the dead tent while still alive because the physicians did not want him to die among the patients who had a chance to recover.

Blanco is Courteous.

Havana, Sept. 10—Special—Blanco has given orders for a royal entertainment of the American commissioners. Blanco will not remain until the entrance of the American troops, and may even leave before the commission completes its work.

Sick From Santiago.

Montauk, Sept. 10—Special—The transports Vigilancia and Missouri arrived from Santiago today with sick and convalescents.

The Missouri brought 249 sick troops. Thirteen died on the voyage.

STATE DRUGGISTS

WILL MEET HERE

LOCAL RESIDENTS SELECTED AS OFFICERS

At the Meeting Held at Wauwata This Week Janesville Was Favored—E. B. Heimstreet Chosen to Attend The St. Louis Convention—Will Bring Many Here.

Janesville has again been favored as the meeting place for another state convention, and this time it is the State Druggists' association.

At the state meeting held in Wauwata this week this city was selected as the meeting place for next year's meet. As yet no definite date has been selected. Druggists from all sections of the state will be here in full force, and the convention promises to be a good thing for the town.

Janesville Men Honored.

At the election of officers at Wauwata for the ensuing year, E. B. Heimstreet, of this city, was chosen as secretary, and George E. King as local secretary.

The following officers were elected: President—E. M. Ladd, Milwaukee. Vice-President—J. A. Spencer, Wauwata.

Secretary—E. B. Heimstreet, Janesville.

Treasurer—W. P. Clarke, Milton. Local Secretary—George E. King, Janesville.

At a meeting of the Ladies' auxiliary, Mrs. E. B. Heimstreet was chosen as vice president. The officers elected were:

President—Mrs. Henry Rollman.

Vice President—Mrs. E. B. Heimstreet.

Secretary and Treasurer—Mrs. Fred O. Mitchell.

The Pharmacists

Members of the Wisconsin Pharmaceutical association were also in full attendance, and at the election of officers that followed Charles F. Yates of this city was chosen secretary.

Delegates were also elected to attend the conventions also elected for the future, E. B. Heimstreet being chosen as a delegate to the St. Louis convention.

The prize papers read were: "Distilled Water," by Otto Bobberg; "What I Learned the First Year in a Drug Store," by H. Rollman; "Display and Sale of Tooth Brushes," by E. B. Heimstreet; "Best Style of Labels," E. B. Heimstreet.

A committee was appointed to revise the by-laws.

WERE WEDDED AT MILWAUKEE

Hamilton P. Richardson and Pearl Dammann Join Their Fortunes.

At 5 o'clock this afternoon at the home of the bride's parents in Milwaukee, was performed the ceremony that united as husband and wife Hamilton P. Richardson and Miss Pearl Dammann, both of the Cream City. Only relatives and a few intimate friends witnessed the ceremony.

The bride is one of Milwaukee's most worthy young ladies, and is well known in Janesville, she having visited here as the guest of the groom's parents. The groom is the son of Hon. and Mrs. Hamilton Richardson, and is a young man who spent his boyhood days in the Bower City. During the past few years he has practiced law in Milwaukee, where he is held in the highest esteem.

Mr. and Mrs. Richardson, after a wedding trip, will return to Milwaukee to reside. A host of local friends will extend congratulations.

NEW METALLIC LINE COMPLETE

Janesville and Monroe Are Connected Closer Than Ever.

The Wisconsin Telephone company has completed its long distance metallic circuit from Janesville to Monroe and the line is being extended to Dubuque. Gratiot has been reached, and it will go through Shullsburg, connecting with Darlington, Mineral Point, Dodgeville, Plattville, Lancaster, Fennimore and all the intermediate villages.

A private line will connect Monroe with Monticello, New Glarus, Blanchardville and Argyle, which will make the southwest corner of the state well connected with telephone lines.

The stringing of the Janesville-Monroe metallic line was commenced in this city but a few weeks ago and has been rushed through to completion.

John H. Gately Reports Business Booming Out in Colorado

John H. Gately, of this city, who has been in the gold fields of Colorado for the past two years, returned home this morning, and was busy today greeting his host of local friends.

Mr. Gately is as brown as a western cowboy, and he has grown a trifle thinner. For one year he worked in the mines about Cripple Creek, and then went sixty miles west, where he remained for several months. He reports all in a prosperous condition, and says that business is good in that part of the country. He intends to remain here this winter, and will return in the spring.

GONE TO A BETTER LAND

Death of Kearn Brazzel, Funeral of Peter Dulin.

Kearn Brazzel, an old and respected resident of this city, died last evening at 7:20 o'clock at his home, 158 North Hickory street. Mr. Brazzel had been ailing for some time, but only for the past two weeks he had been confined to his bed. His death was due to the infirmities of old age, he being seventy years old this month.

Mr. Brazzel was a native of Ireland. He came to Janesville nearly forty years ago and for thirty-eight years he was in the employ of the Chicago & Northwestern Railway Company. He was faithful in the performance of his duties and was held in the highest esteem by his associates and all who knew him. He leaves besides a widow three children to mourn his loss, two sons and a daughter, W. H. Brazzel, of this city; P. J. Brazzel, of Chicago, and Miss Della Brazzel, of this city.

The funeral party will leave the house at 2 o'clock Sunday afternoon, and services will be held in St. Patrick's church at 2:30 o'clock. The interment will be in Mount Olivet.

Mrs. John T. Wilcox, who has been confined to her bed for eighteen weeks, died at 8 o'clock this afternoon at her home 101 Locust street. She was fifty-nine years of age and besides her husband leave four children—Mrs. Fred McLean, Mrs. John Jones, A. L. Wilcox, John T. Wilcox, Jr.

Peter Dulin.

From St. Patrick's church at 2 o'clock this afternoon services were held over the remains of the late Peter Dulin, infant son of Mr. and Mrs. William Dulin. The interment was in Mount Olivet cemetery.

HIRAM MURDOCK leaves this evening on a two weeks' vacation. He goes from here to St. Paul and from there to Milwaukee, where he will act as ticket seller during the State Fair.

WILL OPEN MINE AT PANA.

George V. Penwell Gives Public Notice of His Intention.

Pana, Ill., Sept. 10.—The feature of this morning's strike situation was a clash between ex-State's Attorney F. M. Gwinn of Vandalla and a special deputy, the latter threatening to arrest Gwinn because of a statement made by him.

George V. Penwell, president of the Penwell Mining company, gave public notice this morning he would open the mine Monday, but would pay only 25 cents per ton, the price negroes are paid at Springside. Said he: "I prefer white miners if they will desert the union, otherwise I must operate the mine with negroes and foreign labor." Miners say they will not accept the offer and will not work 1 cent under the scale of 33 cents; neither will they desert the union. This probably means the importation of several hundred additional negroes and foreigners and the retaining of 200 deputies to guard them.

Two injunction suits against the Springside Coal company and all the Pana operators were continued until Wednesday, Sept. 14. Meanwhile work is under way to repair the Springside escapement entry in compliance with the state law. The new fire boss, John Harrison of Centralia, has been secured and negroes continue mining.

TRADE WITH GREAT BRITAIN.

America's Exports Increase While Imports Fall Off.

Washington, Sept. 10.—The fact that British imports into the United States have fallen off greatly in the last year, while American exports to Great Britain have greatly increased has been announced from time to time during the year, but the full year's figures, just presented by the treasury bureau of statistics, bring to the surface some interesting details not heretofore published. These show that while the exports from the United States to the United Kingdom have increased 12 per cent, the imports from the United Kingdom have fallen off 35 per cent.

The exports from the United States to the United Kingdom during the last year were, in round numbers, five times as much as the imports from the United Kingdom, the figures of the bureau of statistics being: Imports from the United Kingdom, \$109,138,365; exports to the United Kingdom, \$540,860,152.

Some time ago, a little bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy fell into my hands, just at a time when my two-year-old boy was terribly afflicted. His bowels were beyond control. We had tried many remedies, to no purpose, but the little bottle of Colic, Cholera and Diarrhoea Remedy speedily cured him. —William E. Jones, Oglesby, Ga. Suicide in Indianapolis. Indianapolis, Sept. 10.—William H. Tucker of the firm of Tucker and Dorsey, manufacturers, committed suicide at his home on Fletcher avenue today by shooting himself. Mr. Tucker had been despondent since the death of his wife two years ago. He had been a prominent citizen for many years, was wealthy and conspicuous in Grand Army circles.

Want to Do Work in Samoa. San Francisco, Cal., Sept. 10.—Commander Tanner yesterday opened bids for the construction of a United States coaling station on Pago Pago, Samoa. The lowest bidders, Messrs. Cotton Brothers of Oakland, offer to erect the coaling sheds, wharf, etc., for \$133,387. Commander Tanner will give no indication as to who will obtain the award.

PIMPLES

"My wife had pimples on her face, but she has been taking CASCARETS and they have all disappeared. IS IT CURABLE?

A Question Often Asked by Those Afflicted with Piles.

Is a strained joint curable? Is local inflammation curable? Of course, if properly treated. So is piles.

People become afflicted with piles and ask some old "crone" who has always persisted in the wrong treatment and naturally he discourages them by telling them that their case is hopeless.

They in turn discourage others, and thus a disease that can in every case be cured by careful and skillful handling is allowed to sap the energy of thousands who might free themselves of the trouble in a few days.

Pyramid Pile Cure will cure the most aggravated case of hemorrhoids in an astonishingly short time. It relieves the congested parts, reduces the tumors instantly no matter how large, allays the inflammation and stops the itching or itching at once.

Thousands who have resorted to expensive surgical treatment have been cured by the Pyramid Pile Cure—in a number of instances persons who had spent months in a hospital under a pile specialist.

It is a remedy that none need fear to apply even to the most aggravated, swollen and inflamed hemorrhoidal tumors.

If you are afflicted with this stubborn disease you can master it and master it quickly.

This remedy is no longer an experiment, but a medical certainty. It is manufactured by the Pyramid Pile Co. of Marshall, Mich.

Druggists sell it at 50 cents per box. It is becoming the most popular pile cure the country has ever known, and druggists everywhere are ordering it for their customers.

Attempt to Kill Wilhelmina.

Berlin, Sept. 10.—The Lokal Anzeiger says that a fortnight ago an attempt was made to assassinate Queen Wilhelmina near Amersfort, province of Utrecht, on the road between Castle Soestdyt and Baara. A man emerged from behind a tree and fired a revolver at her majesty. The bullet missed the queen, but plowed the cheek of a lady in attendance. The would-be assassin was arrested. He is supposed to be an English anarchist. The strictest secrecy has been maintained hitherto as to the affair, in order not to disturb the enjoyment of the enthronement festivities.

Gold Democrats to Disband.

Boston, Mass., Sept. 10.—The leaders of the gold democracy of Massachusetts decided, after a long discussion, to discontinue the party organization. The resolutions declare that the silver issue is dead, so far as this state is concerned, at any rate, and that the organization is no longer needed for the defense of the gold monetary standard among democrats. To continue the organization under the circumstances, it was held, would be a needless expense.

Gold All on American Side.

Vancouver, B. C., Sept. 10.—Among the passengers from St. Michael on the steamer Fastnet was W. Treadfold, who was sent to Alaska by the London Mining Journal to examine and report on the gold fields. He says all the recent rich strikes have been made on the American side and little if anything has been said about them.

Jews Must Keep Out.

Washington, Sept. 10.—The Turkish legation issues the following statement: "The entrance into Palestine is formally prohibited to foreign Israelites and consequently the imperial Ottoman authorities have received orders to prevent the landing of immigrant Jews in that province."

Lots of Wheat in Michigan.

Lansing, Mich., Sept. 9.—Reports of 7,317 jobs of thrashing, aggregating 115,827 acres, indicate an average yield of 19.64 bushels of wheat an acre. The area of wheat in the state last May was 1,725,448 acres, making Michigan's yield this year 34,162,563 bushels. This is more than ever before reported.

Bayard's Strength Waning.

Dedham, Mass., Sept. 10.—The improvement in the condition of ex-Ambassador Thomas F. Bayard has been followed by a slight sinking spell. His strength is slowly wasting away. Friday he was fairly comfortable, but very weak.

Declares There Is no Crisis.

Madrid, Sept. 10.—Senor Sagasta denies that there is a cabinet crisis. Senor Castillo, who came here under a cloud, seems to have carried his point, and Senor Sagasta announced that the ambassador will return to his post in Paris in a few days.

Iowa Has a Big Corn Crop.

Des Moines, Iowa, Sept. 10.—The corn of Iowa this year will be about 250,000,000 bushels, or 40,000,000 bushels in excess of the total of 1897.

Mr. A. O. Wolfe, of Dundee, Mo., who travels for Mansur & Tibbette, Implement Co., of St. Louis, gives traveling men and travelers in general, some good advice. "Being a Knight of the Grip," he says, "I have for the past three years, made it a rule to make myself supplied with Chamberlain's Colic, Cholera and Diarrhoea Remedy, and have found numerous occasions to test its merits, not only on myself, but on others as well. I can truly say that I never, in a single instance, have known it to fail. I consider it one of the best remedies travelers can carry and could relate many instances where I have used the remedy on skeptics, much to their surprise and relief. I hope every traveling man in the U. S. will carry a bottle of this remedy in his grip." For sale by Peoples' Drug Co., Milwaukee street.

WEEKLY REVIEW OF TRADE.

Volume of Business Larger Than Ever Reported.

FOREIGN CAPITAL ARRIVES.

Investors Across the Water Take Advantage of the Period of Prosperity Which We Have Started On—Failures for the Week.

New York, Sept. 10.—R. G. Dun & Co.'s Weekly Review of Trade says: "The volume of business is larger than it ever has been. Investors across the water have caught the cue and their purchases of American bonds and stocks have been heavy for several weeks."

"Wheat has been about 1 cent higher in price for spot, with Western receipts only about as large as those of last year for the week. No doubt some farmers have learned that it is a poor business to hold back for higher prices, and yet very many are doing it, and so are making inevitable a more disastrous decline in prices after a time. Atlantic exports for the week have been 2,325,100 bushels, against 4,243,386 last year, flour included, and Pacific exports 163,192 bushels, against 713,434 bushels last year. Corn is a shade higher, one estimate promising only 1,750,000,000 bushels."

Failures for the first week of September have been in amount of liabilities \$1,111,593; manufacturing, \$224,603, and trading \$703,991. Failures for the week have been 164 in the United States, against 215 last year, and 16 in Canada, against 35 last year."

GOLD RESERVE STILL GROWS.

Government Will Anticipate Payments to Disburse the Coin.

Washington, Sept. 10.—Another gain in the treasury gold Friday of \$2,399,603 brings the total net gold up to \$232,394,394.

Considerable of the increase is due to the payments for the new war bonds and further additions from the same cause will result.

With a view to disbursing some of the yellow metal the secretary of the treasury has offered to redeem the \$14,000,000 odd currency which is due the first of next year and to anticipate the October interest on the 4 per cents. If the latter offer is taken advantage of it will absorb about \$5,500,000, which, with the whole outstanding issue of currency 6s redeemed, would require nearly \$20,000,000.

"One Profit From Stump to Consumer."

D. K. JEFFRIS

Planing Mill, North River Street

New Era in Medicine.

This tells of a discovery that alleviates suffering and prolongs life. It is inexpensive, effective. Medical science is revolutionized over this, one of the greatest achievements of modern times.

The fact that several dollars spent for the right medicine has effected a cure where a skilled and expensive physician aided by the latest and most ingenious instrument of science, had failed, is a matter of much importance.

Important, because it opens to downcast sufferers a new, inexpensive and sure avenue to the restoration of health and the full enjoyment of the pleasures of life.

Such was the pleasure of Mrs. Ada M. Herr, of 439 North Charlotte Street, Lancaster, Pa.

From a weak, nervous, desponding person, she was made a strong, active woman and a cheerful, helpful wife.

Her story is interesting.

Mrs. Herr suffered terribly from female disorders. Her nerves became unstrung, cramps gripped her and caused the most intense pain.

So weak and physically demoralized was she, that the slightest labor wearied her and household duties were a burden.

The most alarming symptoms of her malady were the frequent fainting spells that afflicted her.

In the midst of her work, or in a conversation, dizziness would come upon her and she would fall prostrate in a swoon.

She consulted a reputable physician. He diagnosed her case and prescribed the usual remedies.

Instead of improving, she continued to grow worse; the ailment that was robbing her life of the joys of young womanhood became more pronounced.

It seemed impossible to correct or even to check the disorders.

"I had become greatly weakened," said Mrs. Herr, in telling her story to a reporter, "and the awful cramps and the frequency and nature of the fainting spells alarmed me beyond belief and shattered my system."

"I tried electric treatment; it failed, and I did not know where to turn for help."

"A friend told me how her mother had been greatly benefited by taking Dr. Williams' Pink Pills for Pale People."

"I had but little hope for success; but decided to give these pills a trial."

"I took two boxes and was much benefited. After taking six more boxes I was cured. Dr. Williams' Pink Pills for Pale People had done what all the previous treatment had failed to do."

"I am fully restored to health now, and do things that I had hardly dared attempt before."

No discovery of modern times has proved such a boon to women as Dr. Williams' Pink Pills for Pale People. Acting directly on the blood and nerves, invigorating the body, regulating the functions, they restore the strength and health to the exhausted woman when every effort of the physician proves unavailing.

These pills are recognized everywhere as a specific for diseases of the blood and nerves. For paralysis, locomotor ataxia, and other diseases long supposed incurable, they have proved their efficacy in thousands of cases. Truly they are one of the greatest blessings ever bestowed upon mankind.

WHY USE

POND'S EXTRACT OINTMENT IS UNEQUALLED FOR PILES.

Pond's Extract

Why not something else? Because

Dr. J. J. THOMAS says: "It is incomparably superior to any extract of Hamamelis I have ever used."

Dr. O. G. RANDALL says: "Nothing can equal Pond's Extract. I have tested others, and yours is four times as strong as the best."

Dr. J. C. MERRILL says: "Pond's Extract of Hamamelis Virginica is the only reliable article I have found."

Dr. H. K. WEILER says: "The difference between Pond's Extract and so-called Witch Hazel is the difference between a cent and a dollar."

Dr. H. F. MERRILL says: "It is far superior to any I have used in strength and purity."

Dr. R. J. HARRISON says: "I have never found any extract equal to Pond's."

Dr. POWELL says: "Hereafter I shall use no other than Pond's Extract."

And numerous others of similar purport.

And that's why.
